

1.30.12

**We look forward to seeing everyone at the State of the School Address Tonight. 6:30 in the Learning Center.**

The sailing team had a regatta in Savannah last weekend. They finished 2nd overall out of 10 schools. They were 1 point away from 1st place. Great job sailing team!

All facebook fans please join the Beaufort Academy Alumni page and follow the excitement!

Beaufort Academy has been continuing research into incorporating e-readers and tablets into the library/technology program as well as across the middle and upper school curriculum. While our research and education regarding best practices is ongoing, we would love to enlist your help. If you have upgraded your personal technology and have older generation models of Kindles, Nooks, e-readers, smart phones, and tablets, we would love to have them. Help us to get our hands on the variety of tools out there so we can determine what best suits our needs. Of course we have no problems accepting new technology as well! If you have any questions please contact Gina Reilly at 524-3393 at ext. 243.
