Teacher Spotlight Betsy Rhatigan: Middle and Upper School Language Arts

The 9th grade English I students have been hard at work on animated adaptations of William Shakespeare's *Julius Caesar*. Each student was assigned a specific scene from the play in which to create a cartoon version to present to the class. Goanimate.com allows the students to select their

own scene and characters, as well as add voice to their cartoon, creating "updated" versions of the play.

The English I students have also been hard at work on their

science fair projects. Integrating the skills learned in thesis writing into their science research papers has been the focus of writing the past few weeks. It is necessary to understand summarization and paraphrasing and to apply those skills across the curriculum. Knowing accurate information to cite in writing and learning the MLA form of documentation has also been a focus as the students work their way through research papers.

From January 30th – February 10th, SCISA Officials Association referees are showing support of Breast Cancer Awareness by using pink whistles during games. In support of the referees and Breast Cancer Awareness, Beaufort Academy JV and Varsity Boys and Girls basketball players wore pink sweatbands during every game the week of January 30th.

Pictured are boys varsity players, left to right, back: Peyton Turner, Jordan Littleford, Lawton Harper, Preston Suber, Michael Bible, Billy Dailey, Finn Koppernaes. Front: Charles Sanford, Conner Akers, Matt Heroux, Nathan Cheung, Jack Griffith.

Congratulations to all the participants in the SCISA State Literary Meet. Beaufort Academy joined 32 other schools for the State Meet, and had six top finishers!
